

Number: 2020/8

Official Translation: Notice on the suspension of the movement of people from resorts to other islands

This is in reference to Notice no: 2020/5 declaring that, in pursuant to the legal authority vested on the Director General of Public Health under Section 34(d) of Act no.: 7/2012 (Public Health Protection Act), effective from 1800 hrs of this day, the movement of people between inhabited islands and resorts are suspended for the next 14 (fourteen) days.

In accordance with this Notice, resort employees may continue to travel to their respective resort of employment. No employee may however leave the resort during the duration of the above-mentioned travel restriction. Employees who accompany outgoing tourists to airports are exempted from this restriction and resorts are requested to closely monitor the travel routes of their employees engaged for that purpose. Additionally, the crew on boats carrying goods to resorts may reach the jetty. However, if any crew on the boat enter the resort premises, the above-mentioned travel restriction shall be hence applied to them. No resort employee or tourist may travel between resorts during the specified period.

All relevant authorities are hereby urged to enforce the measure as stated to full effect.

Date: 14 March 2020

19:15hrs

Maimoona Aboobakuru
