

SOP for suspected COVID-19 cases in a guest house establishment

Ensure that surgical mask and alcohol based hand sanitizers are available at all staff quarters and guest rooms as well as the reception desk

Ensure that all guests and staff are informed that if they develop any symptoms of acute respiratory illness such as fever, cough, runny nose or breathing difficulty, they should immediately wear a surgical mask and call ahead to the clinic doctor before going to show at the clinic

All ARI patients must be wearing the mask when he/she show at a hospital or a clinic

Patient must remain under self isolation until he/she has been examined by a doctor. And is eliminated as a suspected case by the doctor. If it is a suspected case, the doctor should isolate him/her, until HPA contacts the doctor.

For cleaning the clinic, guest house areas, solid surfaces, spilled body fluids, and biohazardous waste disposal, please refer to the SOP on these given in the quick Reference SOPs for COVID-19

SOP for suspected COVID-19 cases in a tourist resort establishment

Ensure that surgical mask and alcohol based hand sanitizers are available at all staff quarters and guest rooms as well as the reception desk

Ensure that all guests and staff are informed that if they develop any symptoms of acute respiratory illness such as fever, cough, runny nose or breathing difficulty, they should immediately wear a surgical mask and call the COVID-19 hotline

- Doctors should wear personal protective equipment (cap, mask, face shield/goggles, gloves and gown), before seeing any patients with any symptoms of acute respiratory illness.
- Doctor must wear mask and rub his hands with hand sanitizer before seeing all other patients

Doctor must inform the COVID-19 Hotline (1676) if any patients come with ARI symptoms who have travelled (within the last 14 days) to any country with local transmission. The countries with local transmission is given in the WHO situation update. Doctor should keep a daily printout of the situation update from WHO. Link given below
